View Dashboards

In the Enterprise Portal, open the Analytics Dashboard to see automated breakdowns of things like study/registry enrollment, consent percentages, survey completions, and more.

To view dashboards:

1. On the left, click the **Dashboards** tab to open a list of available study/registry analytics dashboards.
2. From the list, click a study/registry **row** to open the dashboard.
3. On the study/registry dashboard, various analytics and graphics display. Use the **search and filter boxes** to find specific data and click on a **number or graphic** to review analytics in more detail.
